### Principal's Message

Dear Indian Hills Community,

Having the oppressive summer heat wane for a while feels good but we all know it won't last long. Indian Hills' proximity to the high benches poses some unique challenges. On severe inclement weather days, use your best judgment when considering whether or not to send your students to school. If you can't get them to school safely, it is not worth risking injury. When Saint Marys Drive is treacherous we often open the gate onto Nottingham so you can leave the campus on a more level plane- that is if you can get up the hill in the first place. Also, we will often do a call out on School Messenger if Saint Marys Drive is impassable. Lastly, be aware that busses may alter their route if they are not able to safely reach stops on the upper benches. I can't wait for spring!

Stay warm and, as usual, thank you for your help in making Indian Hills Elementary a place where exceptional is commonplace.

Sincerely,  
Dr. Earl R. Arnoldson, Principal
